10.3 SPECIAL CONDITIONS

Discount to Certain Entities

A. Qualifying Schools and Libraries

1. Qualifying schools and libraries shall be entitled to a 50% discount off the monthly recurring rates for Integrated Service Digital Network - Basic Rate Interface (ISDN-BRI) after first deducting the applicable E-Rate discounts. The 50% discount shall be calculated as follows:
 - a. If the customer has not been approved to receive E-Rate discounts, whether or not an application is pending, the 50% discount will be applied to the monthly recurring rates or Integrated Service Digital Network - Basic Rate Interface (ISDN-BRI) after deducting the statewide average E-Rate discount (determined by the CPUC) from the billed amount.
 - b. If the customer has been approved to receive E-Rate discounts, the 50% discount will be applied to the monthly recurring rates or Integrated Service Digital Network - Basic Rate Interface (ISDN-BRI) after deducting the actual E-Rate discount from the billed amount.
 - c. The statewide average discount is deducted from the customer's services solely for the purpose of calculating the appropriate discount. The statewide average discount shall be added back to the billed amount for payment by the customer. However, when the customer receives its approved E-Rate benefit, the customer's account will be retroactively adjusted to reflect the approved E-Rate.
 - d. If the customer subscribes to CTF-eligible services that are ineligible for E-Rate discounts, the 50% discount applies to the full rate of the CTF-eligible services.
2. Small schools as defined in Section 42283 of the Education Code, participants whose E-Rate applications have been denied, and participants who subscribe to services that are ineligible for E-Rate discounts shall be entitled to a 50% discount off the entire monthly recurring rates for Integrated Service Digital Network - Basic Rate Interface (ISDN-BRI).
